20th December	Pupil free day			

Reservoir Views Primary School is committed to creating and maintaining a child safe and child-friendly organisation, where children and young people are safe and feel safe.

Dear Reservoir Views students, families and local community members,

Our amazing mural is now complete!

I can't thank Uncle Brendan enough for working with us over the last four weeks, it has been such an uplifting experience.

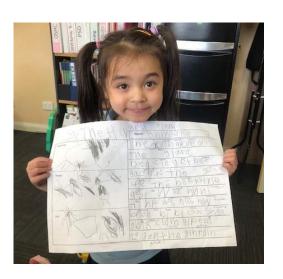

We will officially launch this beautiful addition to our school during next year's welcome picnic early in Term 1.

CELEBRATING AMAZING WORK.

Hayriye and I have had so many visitors over the past two weeks to celebrate student work. Below are Aydin and Ahmarnie proudly showing us their achievements.

CONGRATULATIONS TO OUR SCHOOL CHOIR

I am continually amazed by the courageous talent of our school choir when they perform in front of our school community.

VALUE AWARD WINNERS

2024 FOUNDATION ORIENTATION DATES.

TWO SESSIONS TO GO:

Session 5 9:00 – 10:30am Thursday 16th November

Session 6 9:00 – 10:30am Thursday 23rd November

Warm regards,

Steve Stafford Principal.

Are you ready to have fun? Are you ready to run? Are you ready for an explosion of colour?

17th of November is almost here! Here is what you need to know

Where? Sports Field Reservoir Views PS When? 17th November at 2.45pm What to wear? Out of uniform, wear something old, plain white t-shirt works best, bring a hat (not school hat) Students will receive a pair of sunglasses and sweatbands

Volunteers? We will need lots of volunteers on the day, you will need a current Working With Children's Check, please see the office to register.

Will I get messy? YES, students will go home after the fun, bring an old towel if you are travelling by car to put on the seat.

Will we slime Steve? We are just over halfway to sliming Steve. We have raised \$6,000, well done everyone! We have 1 week left to reach \$10,000.

Foundation News Our week! Foundation teachers are thrilled with the amazing progress our

Foundation teachers are thrilled with the amazing progress our Foundation students have made in reading and writing. They have been reading The Very Cranky Bear and Who Sank the Boat? and we have been writing retells for these. They are able to identify the beginning, middle and end of the story. Well done Foundation students, we are so proud of your progress.

Literacy

Foundation students have been continuing to practice their reading skills. We love reading with a partner for our Fluency Pairs. This helps us with our fluency and being a good listener.

Inquiry

We have finished our inquiry topic exploring the properties of different materials by investigating what makes something waterproof. We made waterproof coats for our teddy bears out of plastic and foil!

112 News

1/

This term we have been investigating simple machines and how they can make work easier. This has been very exciting as we have been able to do lots of hands on experiments to see how they can help. This includes experimenting with levers and seeing how the position of the fulcrum can influence how high we could launch a cotton ball! We have also been reading some books by Andrea Beaty which have looked at how imagination and tenacity can help us create some awesome things!

Reminders

- It's term 4 and that means we need a hat to play outside. Please make sure your child has a hat so they can enjoy their play time.
- Please help your child to read every night and complete their homework by Friday.
- The colour run is next Friday! So make sure you are raising as much money as you can so we can slime Steve!

NEWSLETTER

We have continued to investigate the properties of matter. Students know that matter can be a solid, liquid or a gas. We experimented with a tablet to see what happens when you put it in water. Many students predicted that it would dissolve but they also discovered that some tablets are effervescent!

We have been practising writing persausive texts. Students have learnt that they need to persaude the reader and use strong language.

REMINDERS

With the weather getting hotter, please make sure to bring a hat, you're wearing sunscreen, and bringing a water bottle to stay safe and comfortable...

Don't forget that our graduation ceremony is on Tuesday. December 5th, at 6 pm. We're excited to celebrate this special moment with you!

STATIC ELECTRICIT

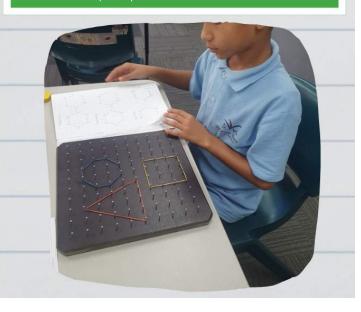

AOn Friday, November 3rd, we conducted an exciting experiment involving balloons, 100 and 1000's. By rubbing wool onto the balloon, we created a magnetic force that attracted sprinkles and caused them to stick to the balloon. Prior to conducting the experiment, we made predictions and estimated the outcome. Overall, the experience was enjoyable for all involved and really helped us understanding the process and science behind it.

Written by Bryan and Sofia

RANSLATE, REFLECTION AND

On November 8th, during our maths class, we explored the concept of geometric shapes through the use of geo boards. Our focus was on understanding the principles of translation, rotation, and reflection. By using the geo boards, we were able to create and manipulate various shapes, thus developing a deeper comprehension of their movements. The activity proved to be both insightful and enjoyable.

Written by Kai, Diesel and Sofia

Austan

In Auslan we have been learning about different times of the day and professions. We have been signing about all the activities and sports we do at different times of the

Morning and Night

We have also been signing about what profession we would like to do when we grow up.

When I grow up...

ART

5/6 Projects

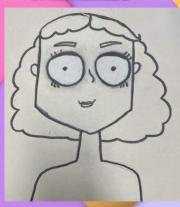

Reservoir Views PS is hosting a Colour Explosion School Fun Run fundraiser! All money raised will go towards our new Indigenous mural and school ground work.

The Colour Explosion School Fun Run will be on 17th of November at 2.45pm

Not only are we hosting an awesome explosion event, students can win up to 15 awesome automated incentive prizes by fundraising via online sponsorship donations.

Students have received a sponsorship book with instructions on setting up their cybersafe, online fundraising profile at www.australianfundraising.com.au. This is an entirely online fundraiser; all cash donations must be converted to online donations to redeem your prizes.

This year if we raise \$10,000, we slime Steve!

Extra Incentives to Fundraise!

- Online Golden Coins complete fun online tasks to redeem an extra \$75 towards your prize credit.
- Monty the Monstar's Bonus Prizes achieve milestones to unlock Monty's bonus prizes.
- \$10,000 JB HI FI Spending Spree for one organisation's highest fundraising student it could be you!
- Our school will win an extra \$5,000 if we have the highest average fundraised amount per student in 2023.
- A Play Station 5 Gaming Bundle see your child's sponsorship booklet for more!

ACKNOWLEDGEMENT OF COUNTRY

We acknowledge the Wurundjeri People of the Kulin nation as the traditional custodians of the lands where we live, learn, work and play.

RESERVOIR VIEWS PRIMARY SCHOOL

NEWSLETTER – TERM 4, 2023

A Glimpse of Week 5 &6

Term-4, 2023

Past two weeks, children have been thoroughly enjoying wide variety of Arts and crafts focusing on Halloween and Melbourne Cup. Most of the children happily and willingly participated in making many interesting objects e.g., Spooky faces, clay pumpkin, straw spiders, hats, badges, fascinators, victory cups, horseshoe etc. Through theses, they get to learn about the cultural significance in Australia and gain an understanding of different traditions and events around the world. Also, crafting helped them improve their creative, cognitive, problem solving, fine motor skills as well as encouraging teamwork and social interaction among children.

What's Next?

- Remembrance Week
- Universal Children's Week

Snacks served this week:

- Red Velvet Cupcake, Corn Chips, Tomato Pasta, Rice Crackers with cheese and salad
- -Fresh fruits served with every meal

Bookings are essential prior to attendance. We cannot guarantee a place for your children without bookings as we must maintain child to educator ratio at all times.

Working With Children Check

SCHOOL READINESS PROGRAM

Do you want your child to have a smooth transition into primary school? Starting in November, our targeted program will focus on essential skills to help children gain confidence and have the skills

needed for a successful start to school.

Here's what we will focus on:

- social and emotional learning
- building confidence
- developing independence
- fine motor skills
- being part of a group
- working in small groups
- winning and losing in games
- building resilience
- literacy and numeracy concepts

THRIVING MINDS 3-4 years

A sensory and educational environment focused on social and emotional learning. We build both gross motor and fine motor skills while exploring literacy, numeracy, art and STEM concepts.

27 Enfield Ave, Preston 3072 www.inspiringmindsstudio.com.au info@inspiringmindsstudio.com.au Phone: 0484 010 096

SCHOOL READINESS PROGRAM

Do you want your child to have a smooth transition into primary school? Starting in November, our targeted program will focus on essential skills to help children gain confidence and have the skills needed for a successful start to school.

THRIVING MINDS 3-4 years

A sensory and educational environment focused on social and emotional learning. We build both gross motor and fine motor skills while exploring literacy, numeracy, art and STEM concepts.

GROWING MINDS 4-5 years

This program helps prepare children for school, focusing on important social and emotional skills, literacy, numeracy and fine motor skills. We build confident and independent children who will thrive when they get to school.

PARTIES

Fun and unique birthday parties for children aged 1-8 years. Each party is designed to suit your child's interests.
