Dear Reservoir Views students, families and local community members,

This week we have been celebrating *Book Week* and it has been a blast! Our dress up day, parade and open morning on Tuesday was so much fun. Thank you to all of our students, staff and families for your involvement, the costumes were incredible!

### ISAIAH FIREBRACE 'S VISIT TO RESERVOIR VIEWS

On Tuesday, Aboriginal musician (and star) Isaiah Firebrace ran a workshop with students in grade 3 to 6. Isaiah talked about his story and journey to where he is today, focusing on conquering his fears and resilience - bouncing back when the going gets tough. The students also performed his new song '*Spirit*' with him. This is in preparation for Darebin City Council's '**Everyone's Voice**' event on Sunday the 1st of September. '**Everyone's Voice**' is a new annual event on the Darebin calendar, to recognise and celebrate First Nations peoples and the wider Darebin community.

All of our Grade 3 to 6 students are invited to sing with Isaiah at this special event. Darebin City Council would like the children to arrive at 11.00am for a rehearsal prior to the event start.

The program is hosted by Uncle Jack Charles and will feature a Wurundjeri Woi-wurrung Welcome Ceremony with performances by the Djirri Djirri Dance Group and local primary school students, followed by a live music program headlined by Isaiah Firebrace.

This free event is for the entire Darebin community. Sunday 1st September from 12.00pm to 3.30pm, Darebin Arts Centre and Ray Bramham Gardens, Cnr Bell Street and St Georges Road, Preston.

## FUNDRAISING PAVERS

We are currently fundraising to resurface our sports oval and install a wood-fired pizza oven that we can use for community events. For the first time since 2015, we are offering fundraising pavers for the community. They will be paved along the entry path to the school for everyone to see your contribution to Reservoir Views. They are \$50 per paver. Forms are available at the office.

## FATHER'S DAY STALL

On Friday the 30th of August students will have the opportunity to purchase a gift at our Father's Day Stall.

Gifts range from \$1 to \$10

It would be a great help if all students could bring a bag, with their name on it to carry their presents home.

## FOUNDATION STUDENTS VISIT KEON PARK CHILDREN'S HUB

To celebrate *Book Week*, our foundation students visited the kindergarten students at the Keon Park Children's Hub to read them some stories. We had a great time!

## 2020 ENROLMENTS

As we are commencing the organisation of the grade structure and teaching roles for next year, it is essential that we know exactly how many students will not be returning to Reservoir Views next year. If, for any reason, your child/children will be leaving the school between now and the beginning of the next school year, please let the school know in writing as soon as possible.

Warm regards,

Steve Stafford  
Principal.

## Book Week!

To celebrate, the preps have been reading our favourite books all week. We loved dressing up as

our favourite book characters and parading in front of the school!

We also went for a walk to the local kindergarten to read some of our 'just right' books to the kinder kids. It has been a fantastic week! 😊

# 3/4 CERES EXCURSION

On the 21<sup>st</sup> of August 2019, grade 3-4 students went to CERES community environmental park to learn about sustainability. We were split in two groups. Each group participated in four different activities. The activities included were; waste timeline, paper making, Merri-creek walk and the life cycle of a plant. We learnt lots of interesting facts about the products and resources that we use and how long it takes for rubbish to decompose. We really enjoyed the experience we had at CERES.

#### Some interesting facts we want to share with you:

- Wombat poo can be made into paper
- Glass takes 10,000 years to biodegrade
- If you throw your food waste in landfill it produces methane and it attracts more heat in the earth
- Lettuce takes approximately 25 years to decompose in landfill
- CERES invention clears the river's rubbish waste.
