

FOUNDATION

25 November 2022

Dear parent/guardian,

Reservoir Views Primary School looks forward to welcoming all new and existing families to our school community in 2023. Our school prides itself on catering for every student with equitable and inclusive practises.

Reservoir Views Primary School aims to provide its students with high quality education and resources that are necessary to support learning and development within the Victorian Curriculum.

The Victorian Government provides funding to fulfil the standard Victorian Curriculum in public schools. In order to provide the best possible education and support for our students, Reservoir Views accepts financial contributions from our school community.

All financial contributions are voluntary and there is no minimum amount accepted.

Support from the school community in 2022 has allowed us to:

- introduce our AUSLAN Language program;
- enhance our music program with the addition of choir and band lessons;
- provide additional classroom digital learning devices including iPads and netbooks ;
- update literacy resources in our library;
- improve our school grounds and building facilities with new shade structures and outdoor learning environments;
- provide extra curriculum activities including subsidised student experiences, excursions and camps.

With support from our school community in 2023, we can provide our students with modern and updated resources including books and library materials, music and art supplies, upgraded digital technology, engaging opportunities and valuable experiences.

We appreciate not all families are able to contribute financially and we also welcome contributions of time and skills. During the year, there will be opportunities for our school community to participate in and support our goals and initiatives to enhance our school and ensure the very best for our future generation.

As a guide, please find the attached itemised list of resources, materials, non-curriculum items required by students to use, or participate in, the Victorian Curriculum.

Extra-Curricular Items and Activities

In order to provide students with opportunities beyond the standard Victorian Curriculum, Reservoir Views Primary School offers a range of items and activities that enhance and broaden the school experience of students.

These items and activities are offered at an additional cost with further information and payment details to be provided during the 2023 school year.

Financial Support for Families

Reservoir Views Primary School understands that some families may experience financial difficulty and offers a range of support options, including:

- access to the Camps, Sports and Excursions Fund;
- ability to make Centrepay instalments for families who receive Centrelink benefits; and
- State Schools Relief

For a confidential discussion about accessing any of the above supports, or if you would like to discuss alternative payment arrangements, contact Melinda Owens, Business Manager or Steve Stafford, Principal on (03) 9460 6995 or by email at reservoir.views.ps@education.vic.gov.au

Payment options

All payments can be made between 25 November 2022 and **30 January 2023**. The school accepts payments via Compass, Qkr!, cash or EFTPOS at the front office (Visa and Mastercard accepted).

Centrelink (Centrepay) is available for those who receive a Centrelink benefit. A portion of your fortnightly payment can be sent directly to the school to offset any Parent Payments owing. See information sheet on last page for more details.

Refunds

Parent requests for refunds are subject to the discretion of the school and are decided on a case-by-case basis. Refunds will be provided where the school deems it is reasonable and fair to do so, taking into consideration whether costs has been incurred, the Department's Parent Payment Policy and Guidance, the Financial Help for Families Policy, and any other relevant information.

Yours sincerely,

Stephen Stafford
Principal
